The retreat gives you time and space to reflect on the pain and the regret of abortion. You come to terms with the event by recalling every moment of the process; how you made the decision, to recall the circumstances that led you to commit this abortion. It is a safe space for to just be.

1. What is your overall impression of this retreat?

Ib was a non-judgemental environment. Everyone had an opportunity to be heard and to hear others. The spiritual centred nature of the retreat was also impressive.

The experience of the facilitators was impeccable. I was myself - with all the emotions, I was accepted and embraced.

I am not the same woman who walked into the retreat. I am a totally different woman and I am forever grateful.

GRATITUDE is the overall impression.

1. What is your overall impression of this retreat?

I found this retreat so healing and calming. A necessity for all those who are affected by abortion. This is an area in which I have had a special interest and love for. Since I was a young girl I always prayed for the souls of aborted babies and I always worried about those who are involved; moms, dads, health care workers, etc. This retreat is the first encouraging and helpful thing I have come across to heal people from the effects of the act of abortion on all of us as a humanity.
